Guest Speaker: BRENT HENDERSON

John Maxwell certified life coach...ordained pastor...national recording artist

Brent Henderson is a nationwide speaker, published author, professional outdoorsman, John Maxwell certified life coach, ordained pastor, and a national recording artist. He's toured with Dove and Grammy Award winning artists. He also speaks more than 60 times per year for men's retreats, wild game dinners, men's conferences, schools, and in churches all around the world.

A note from Brent regarding “The Roar Within”...

*In these events I take the guys through their identity in Christ, where do the lies come from that we buy into, and how we untangle whose lies. I call it, “**declawing the lies of the enemy.**” I also take the guys through the **Big 5 Man-Killers that destroy every man** (lack of purpose, lack of respect, anger, lust, and shame), and I do this using the **Big 5 African animals** tying each one of those struggles to each one of the animals. It’s a powerful way to hold their attention and give them the tools they need to defeat the enemy.*
